'RED' DANGER GREAT IN U.S. AS ABROAD

WHO DICTATES POLICY OF CALIFORNIA LEGIONNAIRES

Is it the Anti-Defamation League, the powerfully financed pressure organization which runs intereference for Communism in the United States?

The American Legion, like the American Federation of Labor, has for some time been diligently trying to prevent Communists from gaining control of important committees. Real Americans in the American Legion will need to double their efforts if they want to prevent a small minority from bringing discredit on this fine organization. Obviously a few Reds are in the American Legion to make use of it to destroy the enemies of Marxism. And here is concrete evidence of that fact:

On August 11th, papers throughout the country carried headlines: **"California Legion Officials Name Communist Leaders in the United States"** with reference to a resolution denouncing Communism to be introduced at the New York Convention. The article then listed the following individuals as participating in subversive activities:

Gerald L. K. Smith, Gerhardt Eisler, Elizabeth Dilling, William Z. Foster, Charles B. Hudson, Eugene Dennis, Leon De Aryan and Gerald D. Winrod, and listed the following publications as being subversive:

"The Broom", "America in Danger" "In Fact", "Think Weekly", "The Cross and the Flag", and "Appeal to Reason".

Of the above, only four are Communists — Gerhardt Eisler, William Z. Foster, Eugene Dennis, and "In Fact"

"The only secret of the bomb that we retain is the secret of how to explode it, and we can not keep that secret much longer."

A big responsibility to entrust to Lilienthal, in view of his Red record and connections.

. . . Russia without any prejudice recognizes the self-rule and independence of the State of Lithuania with all the juridical consequences . . . and for all times renounces with good will all the sovereignty rights of Russia, which it has had in regard to the Lithuanian nation or territory.

Peace Treaty with Russia
Moscow, July 12, 1920

Since the above treaty, Communist Russia has swallowed Lithuania completely and slaughtered and raped her people.

Sincerity of "Efforts" by This Administration to Combat Reds Open to Question in View of Failure by Clark to Prevent Illegal Entries and Expose Guilty in Missouri Election Fraud.

The most that can be said for this administration's efforts to stop Communism is that during the last fourteen years two breeds of Reds have been cooperating in taking over government key spots, seeing that their agents were placed in important departments.

These are the Stalin Reds and the Fabian Reds.

Communists cannot be removed from positions like Democrats or Republicans. Reds carefully placed over a period of years by master-minds of a world-wide atheistic organization, have shown in Europe and China to what extent they will go to conquer.

They are trained to fight to the death for their objectives; if we in the United States are not ready to fight to the limit to save America, we can be sure most of us will end in slave labor camps or, if more fortunate, be shot.

* * *

When anti-Communist sentiment demanded something be done, the Reds who gave Roosevelt his orders and give Truman his, being aware Congress would appoint a committee they could not control, caused Truman to inaugurate a movement to deceive the public and give the Reds more time.

Be sure of this: The Reds will know more than anyone when there is danger of being uprooted in Washington. If they were convinced, Stalin would move up the date for a general strike and revolution.

Publicity has been released to give the public the impression that the Administration was going to eliminate

DANGER OF COMMUNISM AT HOME AND ABROAD

(continued from first page)

Communists. But here's the irony of it all: The Department of Commerce "admits" having only three Communists in their department (when, no doubt Henry Wallace, when in charge, placed several hundred there alone); The Department of Agriculture "admits" two Communists; The Department of Labor "admits" five; The State Department "admits" twenty! (the conservative estimate of Communists in the State Department, by those in the know, is over two thousand). The Federal Works Agency and the Department of Interior claim they have no Communists in their departments! J. Edgar Hoover will do all he can and newspaper releases will cause many to believe a big house cleaning is taking place. But we must remember Tom Clark is Mr. Hoover's boss and when Clark doesn't have the courage to expose the Reds in his department, how can Hoover expect cooperation? Clark admits that his department cannot stop the 2,000 illegal entries each day. There are so many Reds in his department that the tail wags the dog.

Who stopped J. Edgar Hoover from investigating the Pendergast-Truman Machine election steal in Kansas City while Truman said he was shocked at the Communists stealing the election in Poland? This same power will hamper Hoover in his attempt to expose Government-employed Reds.

* * *

To return to the discussion of the Fabians they differ only in that they believe in taking control by steady undermining, propaganda in schools and colleges, radio and subsidized papers and magazines. Stalin Communists are in a bigger hurry — use the Fifth Column, then wholesale slaughter. Many United States Reds have been working with both organizations but now that the heat is on, we see many publicly criticizing Russia, but in other ways supporting Communist activities.

* * *

Truman does not dare fire the closest man to him, David K. Niles (Neyhaus). There has been a demand long before F.D.R. died to get this International Red out of the White House. He was placed there as a key man by Frankfurter.. Felix Frankfurter on the Supreme Court runs the State Department for the crowd in which he and Harold Laski of London are key men.

* * *

As we gradually move toward war, we realize that again our Government will be directed by Reds who will entrench themselves so as to strengthen their hold on us while we are engaged so that we are completely enslaved to them — win or lose.

We are getting out of the trap from the last war but this time will be final.

They are creating the emergency to complete the entire slavery of the world. They strained every nerve and used millions to put David Lilienthal in charge of the Atomic Bomb. The plan carries on. David Lilienthal is not the real power in this Atomic Energy Commission of International Reds; the real power is Lewis Lichenstein Strauss of Kuhn, Loeb & Co., which financed the Communist Revolution in Russia.

In the meantime, the Red plotters plan to maneuver us into loaning, giving and wasting all over the world so as to bankrupt us as part of the plan for slavery.

Men who enjoy the confidence of America will not be allowed to take part in government during peace or war. Any man who is opposed to their program and shows signs of leadership is systematically smeared. **General MacArthur has not been allowed to return to the United States** and will not be allowed to return before next election or until he has been framed or effectively smeared and his popularity ruined.

* * *

The United States is in greater danger than before the Congressional election. People have been fooled by Truman's apparent opposition to Communism in other parts of the world, while in the United States it grows at record-breaking pace.

Don't be fooled by New Deal press agents.

"As the patriots of seventy-six did to the support of the Declaration of Independence, so to the support of the Constitution let every American pledge his life, his property, and his sacred honor; let very man remember that to violate the Constitution or to tolerate its violation by others is to trample on the body of his father, and to tear the charter of his own and his children's liberty."

"Preservation of our Government", delivered by Abraham Lincoln at Springfield, Jan. 27, 1837.

WHO DICTATES TO THE CALIFORNIA AMERICAN LEGION?

(continued from first page)

— but cleverly sandwiched between and around these four, are TEN anti-Communist individuals and publications. Those who are informed will readily recognize that most of these ten anti-Communists have been fighting for America many years and have dared to speak the truth in the face of smear and constant threats. Without their unselfish service and sacrifice, Stalin would already have control of America. To list our paper, "Think Weekly" (former title) as subversive is as ridiculous as listing the Constitution of the United States. Only about a year ago, our paper was the first to expose and smoke out Communism in the American Veterans Committee.

According to the papers, this news release of August 11th was introduced by Harry L. Foster of San Diego, Chairman of the Americanism Committee. But the attorney for Harry L. Foster wires that Mr. Foster was not at the meeting when the resolution was introduced and had never heard of it until he read it in the paper! He was of the opinion that this fine piece of trickery was engineered by a party in Los Angeles, who undobutedly believes we should give the Atom Bomb to Russia, should not interfere in Greece, should force Franco out of Spain, is for the Morgenthau Plan in Germany, is for Senator Red Pepper and Henry Wallace, reads PM and the Daily Worker, and, last but not least, is a member of the Anti-Defamation League.

The whole situation in a nutshell is this: While the American Legion is having a wonderful time at the convention in New York, some few Reds will attempt to slip into the resolution denouncing Communism, the names of good, loyal Americans who are fighting Communism. The irony of it! American Legion beware!

EYE-WITNESS ACCOUNT OF REVOLTING SCENES WHEN RUSSIANS ENTERED BERLIN

Excerpt from an article by Dr. Austin J. App, Ph. D., Professor of English, Incarnate Word College, San Antonio, Texas.

* * *

Helena Contag, born in Ecuador, a teacher, married a German in 1935 and so was in Berlin when the American Armies stopped outside of Berlin to let the Russians get in first to rape and loot unhindered for three weeks. She writes:

"I saw girls as young as eight years dragged into the cellar and raped. I saw a young Russian — he couldn't have been over 18 — pull an old woman of at least 65 into this basement and ravish her. Those fiends soon learned one German phrase: 'FRAU KOMM.' . . . and the Lord have mercy upon any woman or girl who failed to obey, instantly. She would be fortunate indeed if her ravishers, and there might be one or 50, simply smashed her head in and then proceeded to satisfy their animal instincts. Often a woman would beg them to kill her rather than ravish her. Frequently she got her wish, a pistol bullet in head or breast, but whether this death came before or after did not matter; the rape took place, and, more often than not, with a line of soldiers impatiently waiting their turn. Many girls, especially the younger ones, died from those long series of physical and soul tortures, so that to some in the lineup of Russians, satisfaction came from a corpse" (Helena Contag, as told to J. M. Sheppard, "Under Russian Occupation," Catholic Digest, August 18, 1946, p.72).

The South American woman, who having American papers narrowly escaped rape herself, continues, **"Then, 20, 30 times a day I witnessed such revolting sights that my stomach would not hold anything. I continously vomited and gagged until, my throat torn raw, I threw up a bloody foam. Near by lived a woman of 61 who had long been suffering from cancer of the womb. Her husband had been killed in an air raid and her only son had been returned to her without one of his legs, lost early in the war. This woman, who had but a few days or weeks to live, was dragged into the church basement and there, with her son forced to look on, was violated a dozen times. The son, shrieking objections, was shot, and finally the old woman expired".**

* * *

If any girl or old woman struggled against being raped, all Germans about the spot were murdered for it. The first thing the Russians demanded of the men was a watch. Many who, completely robbed, could not give one of the Russian gangs any watch were shot down.

Editors Note: The above article is published so that the reader may get an idea of the condition of the minds of the Russian men who have grown up under 30 years of Communist Rule. The first thought is that this could never happen in the United States. May we remind the reader that thousands of men born in the United States returned here from Spain, boasting in public meetings of a much worse program of rape and burning of victims in Spain during 1936. These U. S. citizens — Communists — formed the Lincoln Brigade, then joined with Communist citizens of 52 nations to form the International Brigade for the purpose of helping Spanish Communists overpower Spain. Over 100,000 went from Russia.

In the event of a Communist uprising here, Red street fighters would pour in from other countries to overpower us. The truth is that more than 3,000,000 Reds are here illegally now.

ALL THAT GLITTERS IS NOT GOLD — AND ALL COMMIES ARE NOT EASILY IDENTIFIED

Anti-Christian Marxism is the parent and directing head of all Red movements. Communism is one of the fronts used by these master mind atheist Marxists to break down Christianity. Communism then, in turn, has more than six hundred fronts in the United States, each functioning in their field or among their professions gathering non-Communists (Communist word for them is "innocents"), creating strength by the number of their members. The Communists, however, completely control these fronts.

When the name Communist becomes unpopular in the United States, the well-known Reds and liberals withdraw or become inactive with the Communist Party but carry on the Marxist program under other covers.

To identify these leaders regardless of their lies and camouflage requires intensive and constant study. This COMMON SENSE has done, hence we know the Red Plotters for what they are, although they have, with the help of the New Deal, used the taxpayers' money to press agent the public into believing some of these Reds are the necessary brains of our government. They are, rather, the brains of Satan.

To expose them is dangerous, for they will use public funds and government power to crush their accusers, who will be called Fascists, Anti-Semitic, subversive and whatnot.

SAYS REDS AIDED BY TOUR OF CLERGYMEN IN EUROPE

Reprinted from Newark News, Aug. 22, 1947

Rev. Irvin C. Wise, executive secretary of the National Council of Clergymen and Laymen, yesterday told an inter-club meeting of Rotary clubs in Union Township that religious prejudices have been stirred up and Communism aided by Rev. Dr. Guy Emery Shipler and his committee of seven Protestant clergymen who recently visited Marshal Tito in Yugoslavia to study the incarceration of Archbishop Stepinac.

Mr. Wise, former pastor of the Garwood Presbyterian Church, said that Communism would not come into this country by means of revolution, but through subtle infiltration, that it had already made great headway directly into labor, agriculture and education, and was now using "the unthinking clergymen for respectability in its front organizations."

Alluding to the Shipler committee, Mr. Wise said that "these travelers are speeding across the airlanes of the world at the expense of the $1,000,000 backing of Communist leaders, seeing what the Communist controlled satelites wish these ministers to see, and then, returning to America, they stir up religious prejudices of Christian bodies by some of their biased statements. This is what the Communists desire — divide and conquer."

"The only reason that Dr. Shipler accused the Roman Catholic Church of setting up a 'political clericalism' in the United States is that the present so-called liberal 'political clericalism,' sponsored by the Federal Council of Churches, and its allies, has been disclosed as a first rate effort to pave the way for collectivism in the United States," Rev. Wise declared.

The Department of Labor says food prices during the last nine months have risen 166% in Russia, as against 25% in the United States — nothwithstanding the fact that the United States is exporting food all over the world.

Remember Napoleon once said: "My left is smashed --- my right is giving away! I shall attack in the center!" And he won the battle of Austerlitz.

"We have exterminated the Capitalists and property owners in Russia. We are going to do the same to the intelligentsia of Europe and America." By Zmovief, Chairman of the Communist Third International — (Congressional Record, December 19, 1925)

WHAT CONSTITUTES TREASON?

Several years ago Russia counterfeited our American money in Korea and exchanged it for good American money through banks in Germany and New York. This was to finance Communism in the United States. They used our own money to destroy us.

When Germany surrendered two years ago, Russia was two years back with pay to their army. Knowing that he could depend on full cooperation from Washington, Stalin asked that Morgenthau turn over to Russia the plates for printing our own occupation marks in Germany. Believe it or not, Morgenthau gladly did so. Russia started the printing presses, and were out only the cost of paper. Their soldiers spent the money in Germany and we redeemed it.

Our taxpayers gave Stalin's soldiers about 500 million dollars.

Morgenthau is not in jail but Bill Bishop, whom no one accuses of any crime, was put in prison by the Roosevelt-Morgenthau-Frankfurter administration because he opposed New Deal Communism. He is still held in prison by the Truman Adminstration now, six years later, in spite of the fact that no charges are against him and the "persecuting" attorney, John Rogge, has been fired by the Department of Justice.

A LETTER TO AN EDITOR

Manhattan: Your recent editorial on Marshal Tito was no surprise, because your hatred of Tito, the George Washington of Yugoslavia, is nothing new. We Communists know that you are eating your black Nazi hearts out with hatred for great patriotis like F.D.R., Stalin, Tito, and many others, without whom we would now be living under the Nazi yoke with all liberty and civilization extinguished for centuries to come. But eat your hearts out, because long after you and your tabloid are gone future generations will sing songs of praise to F.D.R., Stalin and Tito.

THANK YOU AND GOD BLESS YOU

JUST FOR TODAY

The morning light is breaking, Lord,
Another day is here.
Life's problems must again be met.
With heart and vision clear.

Strength for today I ask, dear Lord,
Strength only for today:
Renew my faith, my hope revive,
Illume my skies of gray.

For yesterday is past, dear Lord,
Tomorrow I ne'er may see,
Today alone lies in my grasp
To use or lose for eternity.

Help me to lend a helping hand
To dry the falling tear,
To give to all whose lives touch mine
Some comfort or good cheer.

Help me to sink my poor weak self
With its longings, hopes and fears,
In service to my fellow man,
Battling through this vale of tears.

Just for today --- day by day
Courage and strength I pray:
Garnering the good, forgiving the wrong.
Till I've lived my last today.

THE ANTI-DEFAMATION LEAGUE and Its Use in the World Communist Offensive.

This remarkable booklet is written by Major Robert H. Williams, former Counter Intelligence Officer and published by Upton Close, a great American.

One of the most informative booklets published this year, this will give you a more clear understanding of the power and forces behind Communism in the United States.

You will also learn what and who have used underhanded, cheap, lying methods to defeat us in our expose of Communism in face of the fact that we have not in 1½ years done or said one thing against them. All of us who expose Communism as a full time job have known for years the motive power behind Marxism and Communism. Now you can know.

To each person who sends a contribution of any amount to this important educational work, and to each one who sends in a subscription or renewal during September we will mail one of these important books.

LOYALTY CHECKUP BRANDED A FARCE BY COMMITTEEMEN

Reprinted from N. Y. Journal-American.

By KENT HUNTER

Washington, August 21, 1947—The $11,000,000 loyalty check program of Federal employees under which each department and agency is the final arbiter of the loyalty of his staff was branded a farce today.

The criticism came from an official spokesman of the House Committee on Un-American Activities after Form 84-A was made public by the U. S. Civil Service Commission.

Question 11 provides space for employes to list:

"Organizations with which affiliated other than religious or political or those which show religious or political affiliations."

OMITS VITAL DATA

The Un-American Activities Committee spokesman said:

"Under Question 11 the employe is specifically given authority to leave out his membership in the Communist party or any one of the several hundred Communist front organizations which masquerade under the guise of political or religious groups.

"Question 11 makes the entire loyalty investigation a farce."

A staff investigation for Chairman Taber (R.-N.Y.) of the House Appropriations Committee, resulted in a report, one paragraph of which states:

"Question 11 appears to be a clear invitation to cover up membership in subversive organizations if employes are inclined to do so."

"A successful man works on what he likes, whether he makes money at it or not."

In the August 17th issue of PM, New York's Red paper, an article was featured "Exposing New Move to Sell U. S. on Franco". What we would like to know is when they expect to expose the move to sell the U. S. on Stalin.
